Pacific Rim Capital establishes European operation to service its U.S. Multinationals

With over 20 years of experience in material handling equipment (MHE) leasing and a commitment to adding value through integrity, innovation and excellence in both leasing and asset management, Pacific Rim Capital (PRC) has formed a European operation enabling it to provide financing in over 60 countries. "Having established ourselves as the largest independent MHE lessor in North America, we have now taken our vision global and are pleased to announce the formation of PRC Equipment Finance Ltd.", states David Mirsky, PRC Co-Founder & Chief Operating Officer. The Company will offer MHE leasing services along with its innovative fleet management system and world-class service to its U.S. multinationals and European customers.

Founded in 1990, Pacific Rim Capital is a global financial services company that provides equipment leasing and asset management services to the Fortune 500. PRC maintains a leadership position in material handling equipment leasing. For more information, visit <http://www.pacificrimcapital.com>.
