**Pacific Rim Capital Named 3-Years In a Row As One Of County's Fastest Growing Private Companies
Irvine, CA.**

For the third year in a row Pacific Rim Capital (PRC) is named to the Orange County Business Journal's list of Fastest Growing Private Companies. In 2010 PRC was named the 50th fastest growing company in the county, in 2009 64th fastest and in 2008 68th fastest. During the 12-month period ending June 2010, the company posted originations of \$125.4 million, resulting in a two-year revenue growth of 25.4%. PRC currently employs approximately 40 people and manages a portfolio of approximately \$500 million in leased equipment located in the U.S., Canada and Mexico.

"PRC is proud to be recognized as one of the County's fastest growing private companies. We have spent the past 20 years in Orange County building a successful business and we would like to thank our loyal customers as well as our talented team of people", said the company's Co-Founder & Chief Operating Officer David Mirsky.

The fastest growing private companies list includes OC-based businesses owned by an individual, a group of people, families, venture capitalists, private equity firms or other investors. Companies had to have sales of at least \$300,000 for the last 12 months through June 2008 to be considered. Publicly traded companies and subsidiaries weren't considered. Neither were locally owned and run offices of national service firms.

Companies were measured based on two years of growth – revenue for the 12 months through June versus the same period through June 2008. Meaning they look at three years' worth of revenue: for the 12 months through June 2008, June 2009 and June of this year.

Founded in 1990, Pacific Rim Capital is a global financial services company that provides equipment leasing and asset management services to the Fortune 500. PRC maintains a leadership position in material handling equipment leasing. To learn more about Pacific Rim Capital and the services they offer, please visit www.pacificrimcapital.com.
